

## **SINTX Technologies to Present at the LD Micro Invitational XVI Conference**

May 18, 2026

### **SINTX Technologies to Present at the LD Micro Invitational XVI Conference**

**SALT LAKE CITY, Utah, May 18, 2026 – SINTX Technologies, Inc.** (NASDAQ: SINT) (“SINTX” or the “Company”), a medical technology company focused on advanced ceramics and silicon nitride biomaterials, today announced that management will present at the LD Micro Invitational XVI Conference in Los Angeles, California, at the Luxe Sunset Blvd Hotel.

During the presentation, management expects to discuss recent progress in commercialization, product development, and manufacturing initiatives supporting the Company’s silicon nitride biomaterials platform, including applications in orthopedics, foot and ankle, spine, and patient-specific implant markets.

“We are pleased to participate in the LD Micro Invitational and look forward to sharing recent developments across our business,” said Ryan Elmore, President of SINTX Technologies. “Our focus remains on advancing our biomaterials platform and executing on opportunities that support long-term value creation.”

Management will also be available for one-on-one meetings with investors, subject to scheduling availability.

Management will also be available for one-on-one meetings with institutional investors, family offices, and strategic partners throughout the conference.
